
MAKING COMMUNITY CONNECTIONS CHARTER SCHOOL

COMMUNITY USE AND RENTAL OF SCHOOL PROPERTY

KF

For this policy, “School property” means any buildings, vehicles, property, land, or facilities owned, rented, or managed by MC².

The MC² Board believes that school properties should be used primarily for educational purposes. However, it is also the policy of the school board to grant the privilege of using school buildings at special rental rates to those organizations and groups which will benefit the general welfare of the community educationally, civically or recreationally, and which will comply with the procedures and regulations of MC², so long as such use does not interfere with the educational mission of the school and its status as a non-profit.

Reservations for recreational, civic, cultural, charitable, athletic, educational and/or social activities within the community are encouraged to enable maximum use of the property.

The use of the property is under the direction of the Executive Director who may delegate this authority and assign responsibility to their designee. Ultimate authority for granting, extending, and/or canceling any permitted use of school property is retained by the Board.

When schools have been closed due to inclement weather or an emergency, the facilities will be closed for all use. The schools do not assume the responsibility of contacting groups when such closures occur.

The use of alcohol, illegal drugs and smoking materials on school property is prohibited.

For parties interested in renting or using school property, they should contact the Executive Director.

For educational or community-based programming, the Executive Director will confirm any required insurance, scope of use, rates, etc. before authorizing rental or community use of school property.

For other potential use or rentals, the Executive Director will bring forth a proposal to the Board of Trustees. The proposal must include: 1) rationale, 2) rental amount 3) cumulative total cost/income, and confirmation that the organization meets any insurance or scope requirements.
